Welcome to Dynamic Plumbing Works.

Specialising in residential new builds, renovations and maintenance work throughout the Auckland region our team pride themselves on bringing experience, efficiency and enthusiasm to each job.

Our customers include property managers, builders and homeowners, and we believe in getting the job done right. Through identifying the best solution early, we can complete the job efficiently, and we don't leave the site until the task is completed to our high standards.

About us.

Since Dynamic Plumbing Works launched in 2010, Director Cam Lowe has been committed to building a dedicated and highly skilled team.

A Certifying Plumber and Gasfitter, Cam has over seventeen years of experience in the industry. After becoming qualified and registered in 2008 then certified in 2010 he was hungry to establish a business that provided quality workmanship at a fair price with a team that was professional, friendly and easy to deal with.

Today, he leads a crew of registered plumbers and gasfitters, enthusiastic apprentices and a drain unblocking and suction truck specialist. His team is agile and capable of tackling larger projects without needing to outsource to third party subcontractors. This autonomy allows them to complete jobs to the high standard customers have come to expect.

Not content with sitting still, we are always striving to improve the way we do things - investing in the latest tools and equipment and making use of new technology.

Our full time Office Manager and Operations Manager/Quantity Surveyor work tirelessly to ensure our operations and processes are as efficient as possible - ultimately resulting in saving time and labour costs for our customers. This office-based support means there is always someone available to take calls and oversee those larger projects, while our tradespeople can get on with the job at hand.

We are always up for a challenge and look forward to working with you.

A message from Cam Lowe.

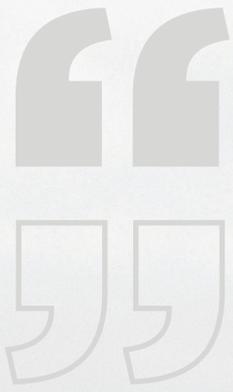

After seventeen years in the industry I still love the challenges that plumbing presents; problem solving, having to think outside the box, persevering through adversity – these are the things that keep me motivated on a daily basis, along with the satisfaction of seeing hard work pay off as a project comes to fruition.

I left high school ‘earlier than expected’. I tried my hand at various roles, however it was plumbing that intrigued and engaged me the most. Today I enjoy running a team, supporting them to continue growing and learning, all with a focus on helping the younger team hone their skills so that they too can enjoy the benefits and security of a trade. I’ve never looked back.

The year I left school was also the year I met my wife Mel, who is a part-time primary school teacher. Ten years later, in 2013, we were married on Koh Samui Island in Thailand, and spent five weeks travelling Europe. We now live on a lifestyle block in Waiuku on the outskirts of Auckland with an unconventional team consisting of two beautiful daughters, three dogs, a hairless cat, a blue tongue lizard and baby number three due in October 2020. In 2015, my youngest brother Keagan joined the team as an apprentice (there are four of us boys altogether) and in 2018 I was lucky enough to have my dad Dave take on the drainage arm of the business.

When I’m not working or spending time with the family, I train in Brazilian Jiu Jitsu, which epitomises the same core challenges such as problem solving and perseverance. I always jump at the opportunity to travel, and as a family we coincidentally find ourselves ‘in the right place at the right time’ for a live UFC event.

Cam Lowe, Certified Plumber & Gasfitter

I'm really proud of the fact that we offer a broad range of services in house.

A lot of consideration and energy has gone into making sure we have the right people with the right mix of skills so we can better serve our customers and continue to grow.

Our 9-point guarantee.

1

Excellent communication

At all stages of the project our team strives to ensure our communication is second to none - from your first call to us, through to completion of the job, we pride ourselves on being clear, prompt and professional.

2

Fair and transparent pricing

We never want our customers to receive a nasty surprise come invoice time, that's why we always ensure transparency and clear communication when variations or cost changes arise.

3

Quality workmanship we stand behind

As members of Master Plumbers you can rest assured we are authorised to carry out the work we do. We also undergo an ongoing Quality Assurance review of our business practices.

4

Highly experienced & knowledgeable staff

Under the guidance of our most experienced Certifying Plumber & Gasfitter, our team of registered trades people are ready to take on any problem you throw at us.

5

Superior office-based support

Our full-time support staff are the hub and heart of our business - ensuring our team runs like a well oiled machine and our customers are kept in the loop throughout each job.

6

Efficient, process driven operations

We are highly efficient when it comes to processes in our business and take the time to really understand what our customers want to achieve. We also make use of the latest industry technology and have a team who are hungry to learn and adapt as technology progresses.

7

Quality materials that meet New Zealand fitment standards

We only use reputable products, sourced locally and backed by warranties, enabling quick and easily replacement or repair.

8

The highest safety practices

As Site Safe members we work to best practice safety standards – always mindful of reducing risk and eliminating hazards to ensure both our team and our customers are protected on site.

9

Hundreds of satisfied customers

We don't leave the job until we've solved the problem, left the job site as tidy as we found it and our customers are happy... which is why we get invited back!

Customer reviews.

DPW manages the maintenance of our residential and rental homes. They are professional in their conduct, always on-time, friendly and deliver to the set expectation. Where DPW distinguishes itself is with their project management and design capabilities. During our bathroom renovation Cam assisted with the design (going the extra mile) and managed the project end-to-end, taking away the stress and making it not only a pleasurable experience, but delivering an exceptional bathroom ahead of time.

Adele, Conifer Grove

I'm a property manager and we use Dynamic Plumbing for most of our properties. I have personally deal with their managers and the staff hired here and they have always had amazing customer service. They respond in a timely manner, they are professional and they are honest. I would highly recommend them.

Lexi, 360 Property Management

Cam has looked after both our properties for many years, he is always courteous, provides accurate detailed quotes and always talks through any issues encountered. He is always respectful of our tenants and completes the jobs to a high standard

Stevie, Mellons Bay

Completed projects.

In addition to our other services, we love helping customers create their dream space. From full bathroom or kitchen renovations to outdoor entertaining areas with gas cooking and running water, being part of the journey from concept to completion excites us.

Meet our team.

Adam Galvin, Registered Plumber & Gasfitter / Ops Manager

Pukekohe local Adam has been in the plumbing game and part of the DPW team for close to a decade and enjoys the physical and mental challenge of the work. He has been instrumental in ensuring our processes and practices are as efficient as possible, and attributes his love of what he does to having a great crew. He enjoys hanging out with his girlfriend Sarah, along with his Golden Retrievers Blue and Daisy.

Brittany Mann, Office Manager

Brittany has been a part of the Dynamic Plumbing Works family for five years and is the friendly voice you hear when you call our office. She understands that having to call a plumber often means you have a problem so she is quick to assess how we can best help you. As a mum to two young kids she is used to problem solving, juggling multiple tasks and getting the job done.

William Hopper, Registered Plumber & Gasfitter

Plumbing since 2015, William originally started in plumbing and drainage but soon swapped drainage for gasfitting. He says job stability and demand for his chosen trade has meant he is free from huge student loans and has been able to set himself up with a house and comfortable lifestyle. With no two days the same, it is the variety of work he really enjoys, along with the satisfaction of starting a project from scratch and seeing it come to fruition.

Adam Mckee, Registered Plumber & Gasfitter

With 21 years of plumbing experience, both in New Zealand and Australia, Adam says he still enjoys the problem solving and continuous learning aspects of his job. Married with two kids he is passionate about helping others in health and wellness through nutrition and exercise. He has been a certified CrossFit coach for the past seven years. He also enjoys being tattooed, listening to music, informative podcasts and hunting.

James O'Brien, Registered Plumber & Gasfitter

James has been plumbing for 5 years and particularly enjoys the daily challenges. He is satisfied from working as a team, especially when the job is done with pride and a touch of banter. It also keeps him fit and focused, which is a big benefit for his active lifestyle which includes surfing, spear fishing, playing football, and golf.

Dave Lowe, Drain Unblocking & Suction Truck Specialist

A former veteran in the newspaper printing industry, Dave (or as Cam likes to call him 'Dad') joined the team in 2018. He is now responsible for all our drain unblocking and suction truck requirements. Dave enjoys the outdoors and spends his spare time fishing, camping and socialising. With four boys and seven grandkids he says he is surrounded by lots of love all the time.

Tom Lambert, Apprentice Plumber & Gasfitter

Tom joined the team in 2016 and enjoys the variety and challenge of the work that Dynamic Plumbing Works is involved in. In his spare time he enjoys being outdoors, diving, mountain biking and travelling.

Blake Padmore, Apprentice Plumber & Gasfitter

With several years of plumbing experience under his belt Blake is a friendly and motivated member of the team who is prepared to go the extra mile to help customers. Outside of work he enjoys the gym, going out with mates, chilling at home on his ps4, and spending time with his family who are very close.

Keagan Lowe, Apprentice Plumber & Gasfitter

Keagan worked casually for older brother Cam from 2015, and officially became part of the Dynamic team in 2017 when he enthusiastically embarked on his apprenticeship. Outside of work he enjoys going to the gym, skateboarding and spending as much time as possible with his young family.

Matthew Kermode, Apprentice Plumber & Gasfitter

The youngest member of crew and fresh into his apprenticeship, Matthew loves the variety of jobs that plumbing involves. A Papatoetoe local, who's dad is also a Certifying Plumber & Gasfitter, Matthew enjoys playing rugby and going to the gym.
